Every day people are discovering and enjoying new benefits of using the MRS. The effect that the MRS has on your body is non-specific because every cell in your body is positively affected by the magnetic resonance and is empowered to perform its many functions with greater speed and efficiency. The MRS does not heal the body in any way. As many people already know, the human body comes naturally equipped to repair itself. If provided with the right intracellular conditions, physical materials, enzymes, and a strong connection to Earth frequencies, almost any ailment can be easily overcome.
